# KAJAL SWAIN

Bhubaneswar, Odisha, India | kajalswain215@gmail.com | +91-7735582060
GitHub: github.com/kajalswain1205 | LinkedIn: linkedin.com/in/kajal-swain

## PROFESSIONAL SUMMARY

Computer Science & Information Technology graduate with hands-on experience in Python and full-stack web development through three internships. Experienced in developing RESTful APIs using Django REST Framework, implementing database-driven applications with MySQL and Django ORM, and building responsive web interfaces using HTML, CSS, and JavaScript. Familiar with software testing using pytest and version control using Git and GitHub. Strong foundation in problem-solving, backend development, web technologies, databases, and API development. Seeking an entry-level Software Developer / Full-Stack Developer role.

## TECHNICAL SKILLS

**Programming:** Python, C, JavaScript

**Web Technologies:** HTML5, CSS3, JavaScript, Responsive Web Design

**Backend & APIs:** Python, Django, Django REST Framework, RESTful APIs

**Database:** MySQL, Django ORM, SQL

**Testing:** pytest, Unit Testing

**Tools & Version Control:** Git, GitHub

**Operating System:** Windows

## PROFESSIONAL EXPERIENCE

**Central Tool Room & Training Centre (CTTC) — Python Intern**

*Bhubaneswar, Odisha* | *May 2024 – June 2024*

- Developed RESTful APIs using Django REST Framework for backend services with a focus on clean and maintainable code.
- Implemented unit tests using pytest to improve application reliability and validate backend functionality.
- Worked with Django ORM for database operations and developed structured data models.
- Gained practical experience in backend development, API development, database integration, and software testing.

**Seeree — Python Full Stack Intern**

*Bhubaneswar, Odisha* | *January 2025 – July 2025*

- Developed responsive web interfaces using HTML and CSS with cross-device and cross-browser compatibility.
- Implemented interactive client-side functionality using JavaScript to improve user experience.
- Developed backend functionality using Python and integrated MySQL for application data management.
- Used Git and GitHub for version control and collaborative development.
- Participated in code reviews and followed development and coding best practices.

**StaxTech — Full Stack Developer Intern**

*Remote* | *June 2025 – July 2025*

- Developed responsive web interfaces using HTML, CSS, and JavaScript with emphasis on usability and cross-browser compatibility.
- Implemented dynamic client-side functionality using JavaScript.
- Developed Python-based backend scripts and automation tools for data processing and workflow optimization.
- Collaborated with team members using Git and GitHub for version control and code management.

## PROJECTS

**Sentiment Analysis System | Python, NLP, Machine Learning | GitHub**

- Developed a sentiment analysis application using Python to classify text into positive, negative, and neutral categories.
- Applied NLP preprocessing techniques to prepare and analyze user-generated text data.
- Implemented machine learning algorithms to identify sentiment patterns from textual data.
- Designed the application to process text and generate sentiment classifications efficiently.

**Chatbot | Python, JSON | GitHub**

- Developed a Python-based chatbot using a JSON knowledge base for storing responses and conversation data.
- Implemented pattern matching and response generation to handle different user queries and conversation intents.
- Designed a modular structure to improve maintainability and support multiple conversation scenarios.

**Weather Application | HTML, CSS, JavaScript | GitHub**

- Developed a responsive weather application that retrieves real-time weather information through an external API.
- Integrated API data to display current weather conditions, temperature, and forecasts.
- Implemented JavaScript-based functionality for dynamic data retrieval and user interaction.

## EDUCATION

**Gandhi Institute for Technological Advancement (GITA)**

Bachelor of Technology — Computer Science & Information Technology | Bhubaneswar, India | Nov 2022 – June 2026 | **CGPA: 7.1/10**

**Aspire Science Higher Secondary School** — Class XII: 69.16% | Bhubaneswar, India | 2022

**Saraswati Sishu Vidya Mandir** — Class X: 66.5% | Bhubaneswar, India | 2020
